

A CREATION

**MATT ANTHRACITE**

The design-oriented style of A CREATION is clear and precise. While the frame gives character to the design, the shadow gap creates a spatial depth. The switch appears to float on the wall. The A CREATION switch range in breakproof thermoplastic impresses with its clear form, material choice and variety of colours. The frames and switch surfaces in the range can be combined flexibly, making it particularly versatile.

A CREATION

Frame material

Thermoplastic

Compatible with all covers from the A range.

Switch

Rotary dimmer

Switch/socket combination

F 40 push-button 4-gang

F 50 push-button 4-gang
